

Go to my.northbridge.edu

Look for the Reports widget and select the LDA report.
You can also filter by your campus.

Click **Generate**, and you will download a pre-made report for Excel.

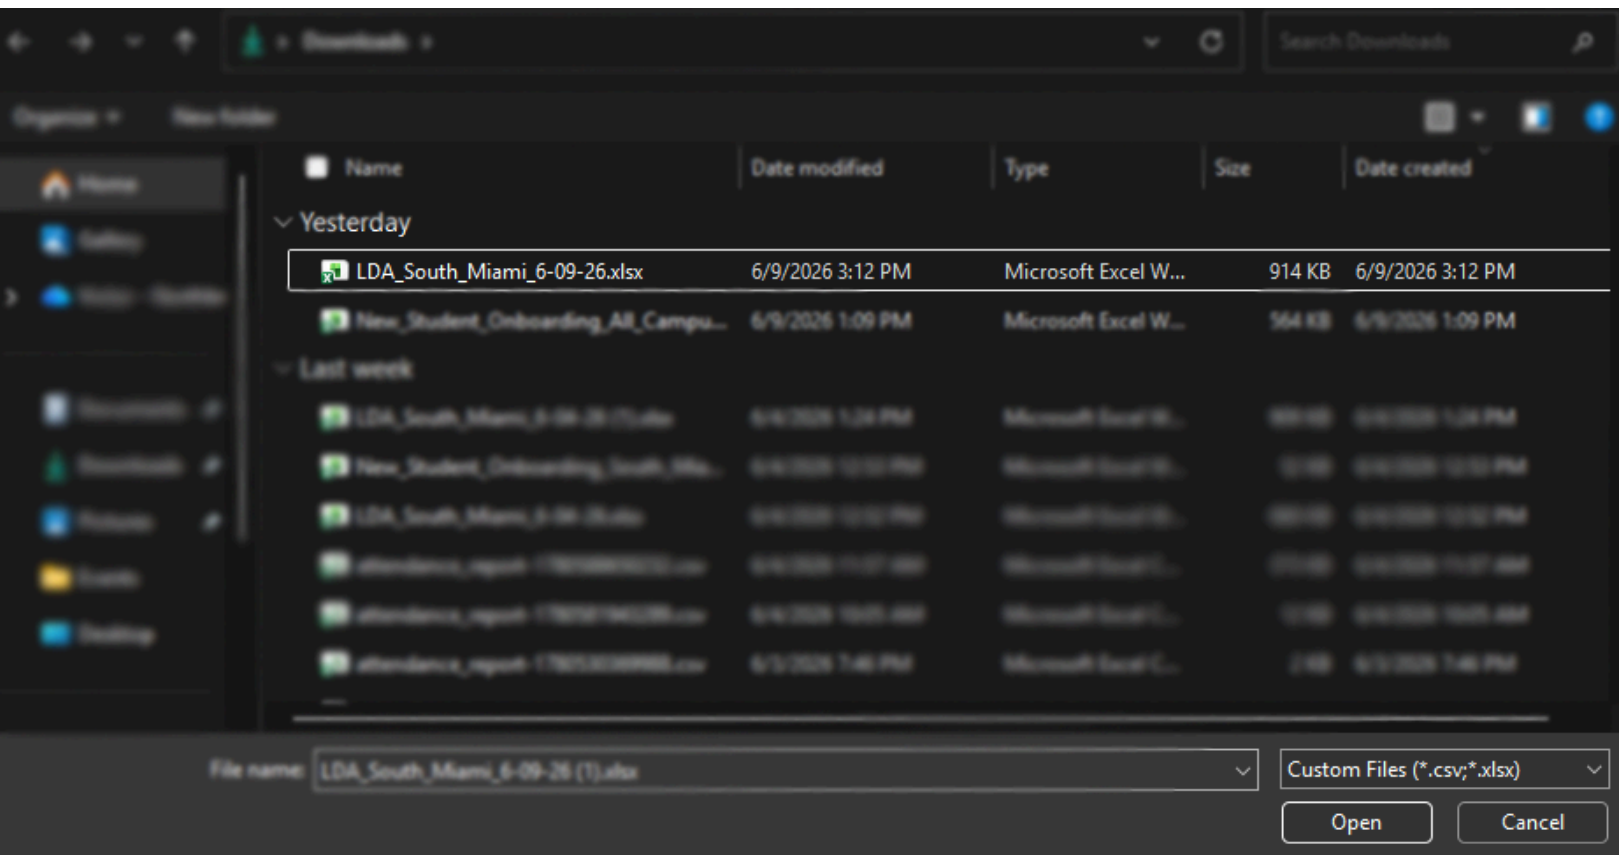

Go to the **Data** tab

Click on **Update Master List**

Select the report you downloaded earlier and open it

You will now see the update process begin.

It will organize the data provided in the report and fetch fresh data from Canvas as well.

The size of the campus impacts how long it will take for the process to finish. It's usually fast.

Update Master List

📄 Download

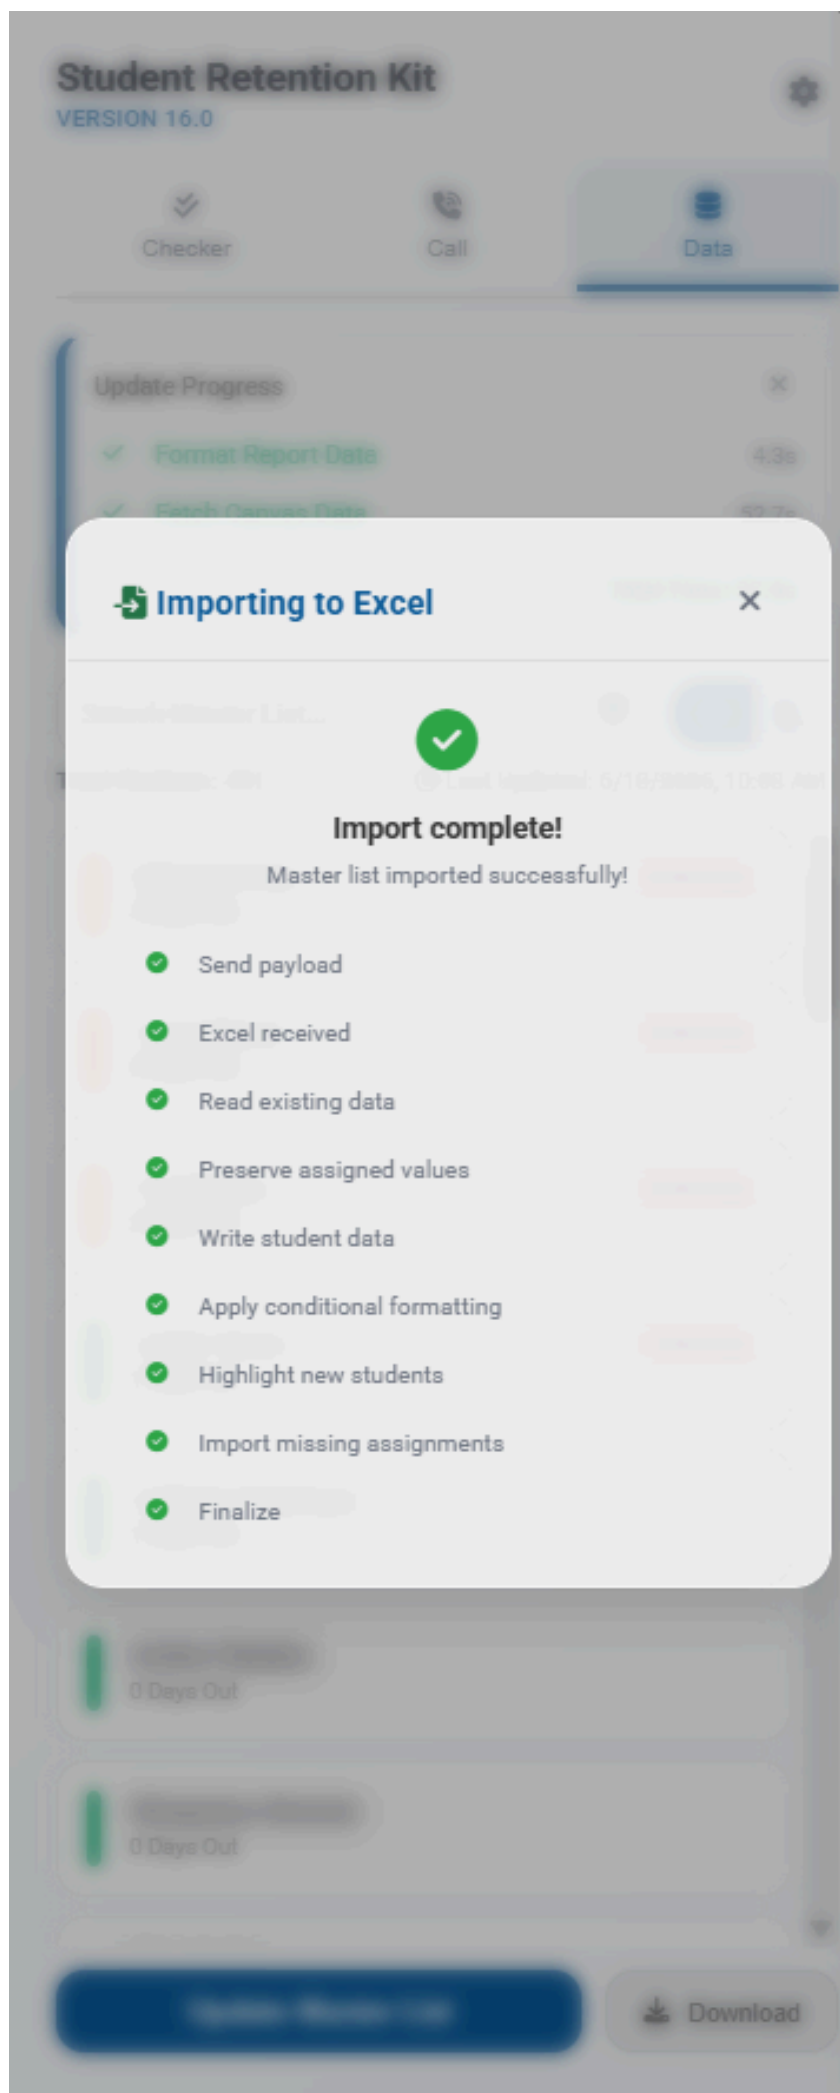

Once the update process is complete, it will attempt to **auto-import** the data into an available Excel Online instance.

This is what it looks like when it succeeds. If it doesn't, a retry button will appear.

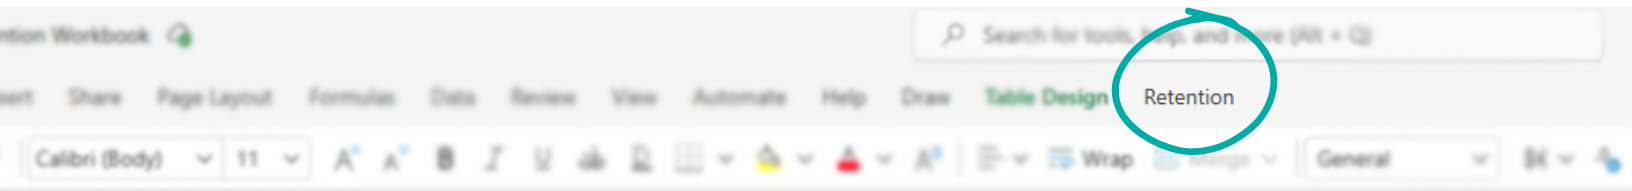

Sometimes, Excel loses connection to the application.

You will notice a new sheet called Master List on your workbook.

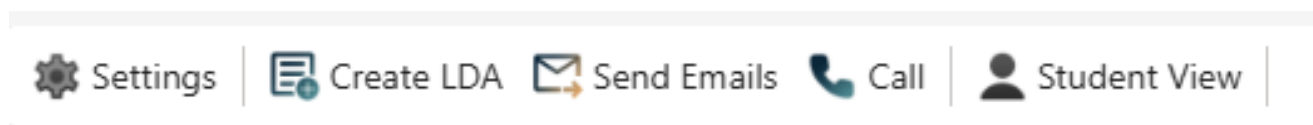

*Excel Online instance: An Excel tab in your browser.

On your excel online instance look for the new tab called **Retention**. If you dont see it try refreshing your browser

Click on **Create LDA**

Here is the configuration menu before you create your LDA. You can adjust it as you like.

Create LDA

Configure your settings below to generate the report
